SEWING MACHINES.
LANGLEY & NORMAN would inform the citizens of Newport and vicinity that they have been appointed agents for GROVER & BAKER'S CELEBRATED SEWING MACHINES, and that they are now prepared to furnish Manufacturing or the Improved Family Machines, at Manufacturers prices.
We would invite especial attention to the IMPROVED SHUTTLE MACHINE, it being very simple, not liable to get out of order, uses a straight needle, runs with great speed, and makes the stitch alike on both sides. Though made expressly for TAILORS AND SHOE BINDERS, it is found to be as well, if not better, adapted to the general work of a family as any machine that has yet been invented. These machines are sold for $50, though capable of doing any work that can be done with any of the $100 Sewing Machines. ap4tf

A NEW MUSIC BOOK,
OR THE
New York Musical Review,
FOR NOTHING!
We have in press, and shall publish in October, "ASAPH, OR THE CHOIR BOOK;" a new collection of Church Music for Singing Schools and Choirs, by Dr. LOWELL MASON. Dr. MASON'S last similar work, published in 1854, reached the enormous sale, in its first year, of over 54,000 copies, which is, we are confident, the largest sale ever enjoyed, in its first season, by any Church Music Book by a single author. The work now in press will embrace nearly all new matter, ...ces, such, as it is believed, will be of the highest interest to Choirs and Singing Schools. Its Singing School Department is more extensive and complete than in any previous work, being, indeed, a complete work in itself, and forming an extensive collection of secular music, the words, as well as music, to which, are nearly all quite new. Retail price, one dollar.
We publish, also, THE NEW YORK MUSICAL REVIEW, a fortnightly journal of sixteen quarto pages, including four pages of choice music in each number, with twelve pages of reading matter, including frequent articles from the leading musicians of the country, with all the musical news, &c., &c. Subscription, $1,00 per annum.
In view of the present hard times, and with the purpose of obtaining a wide circulation for specimen copies of Dr. MASON'S new work, we are induced to make the following liberal offer, viz.. To every one sending us, before 1st November, one dollar, (the price of subscription to the REVIEW,) we will furnish the paper for a year, and also, as soon as issued, a copy of Dr. MASON'S new work above announced, thus giving two dollars' worth for one. Those desiring the book sent by mail, must inclose twenty-four cents, to pay postage, in advance.

In view of your past generous patronage, I have now at my store, 130 Thames St., a large and well assorted stock of Books and Gifts, suitable for the Holidays. And whereas, it would be utterly impossible for me to enumerate the titles of books suitable for all ages and conditions, to name thousands of elegant and appropriate presents, and whereas, the columns of this paper are inadequate to state a thousandth part of what might be said, I, A. J. WARD, Agent, do issue this my Proclamation, and do agree to sell good and cheap to the citizens and strangers of Newport and vicinity, until this Proclamation be annulled, and you are all invited to my Headquarters, No. 130 Thames St., to test the truthfulness of this my Proclamation.

IT SEEMS UNNECESSARY, after being in the battle-field for 34 years, to come out with a long advertisement, but as we have many new comers, it is right that they should be pointed to the right place to buy good articles, and at a moderate price.

I will sell Custard Cream at 30 cents per quart, according to quality, up to 62 cents for pure. Plain to very rich Cake, from 17 to 33 cents per pound. Candies from 16 to 25 cents per pound. AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent, Office, Washington, (under the Act of 1837.)
76 State Street, opposite Kilby Street, BOSTON.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but though its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere.—The Testimonials below given prove that none is MORE SUCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHARLES MASON,
Commissioner of Patents
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting there applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMOND BURKE,
Late Commissioner of Patents
Mr R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges."
JOHN TAGGART.

A CHALLENGE AND A REWARD
$500 REWARD.
I BEG LEAVE to inform my friends and the community, that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and responsible standing in this State, who, on due analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c., &c., NOW for sale by me as pure, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.
Knowing, from experience, that our citizens in general labor under the impression, with good cause, that pure Liquors cannot be had, I, after much pains, studious investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that if the liquors NOW sold by me as pure "are not so," then none can be had from the vineyards in France, or from any part of the world. As a proof of my sincerity, I challenge chemical contradiction, and invite all to come and test for themselves, when they will learn that NOW, "if never before," pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, as cheap as in any other place in these United States.
WM. ALDERSON,
Newport, R. I.
N. B.—The main inducement for all to give me a call is, that my figure for the genuine article is rather less, than more, than is NOW charged for the handsome labeled bottled compounds so extensively sold all over the country. n13

Accepting an Invitation.—A Captain Mosely, one of the French overland expedition to *California*, had been staying at Willard's a couple of weeks, and during that time had been excessively annoyed by a particular cabman, and determined to put a stop to it. Accordingly one day, coming out of the hotel, and being accosted as usual with "take a ride to-day, sir?" said he would—and he did, for he made the fellow drive him first to the Capitol, then to the War Department, then to the National Hotel, then back to the Capitol, and at last home to his hotel, after some three hours. On stepping out of the cab, he politely asked the driver to take a drink with him, and this exercise being performed, inquired at the office for his letters, and started for his room. As he reached the stairs, the cabmen stopped him with—

"But you have not paid!"

"Paid you for what?" demanded the apparently astonished Mosely.

"Why, for the ride."

"Gracious!" exclaimed Mosely, "here is a gentleman who for two successive weeks has had the politeness to ask me to ride, and when to-day I have found an opportunity to accept his polite invitation asks me to pay for it!"

A loud laugh broke forth from the assembled by-standers, and the cabman, finding himself sold, stood treat and vamosed minus the pay for his three hours drive.

He never asked Mosely to ride after that.

MILITARY POSSESSION OF THE TELEGRAPH LINES.

At the beginning of the present session Congress, says the N. Y. Evening Post, authorized the President to take, at his discretion, military possession of all the telegraph lines in the United States. This morning a rescript from the Secretary of War informs us that the Executive has availed himself of this authority, and that all the lines of telegraph in the United States are henceforth under the control of the government.

We had hoped, for our own part, that the power given to the President would never be used. Its exercise is too much like the practice of the absolute governments of the old world. We have used a term implying resemblance—but the truth is that it is the identical practice of despotic governments—one of the detestable means by which they prevent the diffusion of information, and obstruct the formation of popular opinion and repress its expression. In our own country nothing can excuse it but absolute and imperative necessity.

The case must be one in which the very existence of the republic depends on its seizing the lines of telegraph into its own hands, or the act is an arbitrary exercise of power, and an encroachment on individual liberty. We do not see any such emergency at present.

We recollect well that at the time the electric telegraph was first established in this country, there were those who desired to give its control into the hands of the government as a part of our post-office system. This we believe, was the plan of Cave Johnson, the most stupid of all those who have ever filled the place of Postmaster-General in this country. The scheme found little favor; it was opposed and ridiculed and dropped. We did our part in the opposition. There is scarce anybody, we believe, at the present time, when the electric telegraph has grown to be such a mighty and widely-ramified means of free and unrestricted communication between man and man and between communities, near and distant, who is not glad that the scheme which might have turned it into an odious and mischievous party engine was contemptuously dismissed.

If there has been, in the course of the present civil war, any emergency which required this interference of the military authority it certainly does not exist now. We have got on pretty well hitherto in the circulation of news without the help of the Executive, and now, when the sphere of the rebellion is growing narrower every day, when our armies and fleets are driving the enemy from one post to another, the time for an invidious and questionable exercise of military dictation is certainly ill chosen. The instances in which the military authority has tampered with the telegraph already, as in the case of the disaster at Bull Run, have not encouraged us to expect any good from the like proceeding in future.

But we have left unnoticed what is perhaps the worst part of Mr. Stanton's rescript. He undertakes a supervision not only of the telegraph, but of the press. All newspapers which publish military news derived from any other source but the telegraph—that is to say, for many other source than the government itself, are to be thereafter excluded from receiving any information whatever by the telegraph and also from sending their editions by railways. No letters relating to military operations, no private advices, though ever so authentic, and though their publication be ever so innocent, can be given to the public through the press but upon this penalty.

We certainly did not expect this from the present Secretary of War. The liberality of his proceedings towards prisoners of state encouraged us to see in him a friend of political liberty, and a public officer who shrunk from any exercise of authority which even seemed to encroach on those rights which it is the object of our institutions to secure to all who live under them. We acknowledge the obligations which our country already owes him; we rejoice in the hopes which our country has conceived of the wise, energetic and effectual prosecution of the war under his guidance; we are willing that he should sometimes err on the side of excessive enterprise, since we have seen so much of the evil of procrastination; but at the same time we claim the right to speak frankly, as we now do, of what we deem his errors.

LOCAL NEWS ITEMS.

The Aquidneck Hop.—We understand from good authority that the Committee of Engine Co., No. 3, who have the arrangements for this entertainment in hand, have engaged the Fillmore Hall and one of the finest bands in the country for the occasion. The Hop will be a brilliant affair—just such an one as it takes the Aquidneck boys to get up, and that is good enough. The evening and other particulars will be announced in our columns shortly.

Snow.—The principal item of local interest to-day is a regular, old fashioned snow storm.

Burnside's Expedition.

AN INTERVIEW WITH THE MAYOR OF EDENTON, NORTH CAROLINA.

A correspondent of the Petersburg (Va.) *Express*, writes as follows:—

"I had an interview with the Mayor of Edenton late yesterday afternoon, who left Edenton early yesterday morning. As has been reported, not a Yankee soldier remained in Edenton, and not a gunboat could be seen on Albermarle Sound. He thinks the enemy have gone round toward Washington or Newbern, but in this opinion I do not coincide. A large fleet is reported in Hampton Roads, and the next move will probably be on the Nansemond river, or in the vicinity of Smithfield.

"Mayor Hall informed me that he was at Edenton at the landing of the federals, and met the gunboats at the wharf. In answer to his inquiry as to the course they intended to pursue, he was told that private citizens and private property would be respected, but armed men, commissary stores and arms of every kind would be seized.—When they commenced rolling in the bales of cotton he inquired if that was not private property, and was answered that cotton was contraband, and would be seized everywhere. He says a large crowd of negroes gathered on the wharf, and the captain of the gunboats commanded them to disperse immediately, or he would open fire upon them. The darkeys scattered in every direction, tremendously frightened.

"It is rumored that all the prisoners taken at Roanoke Island will be released on parole—and as the crew of one of Commodore Lynch's vessels captured have arrived in Norfolk, on parole, there seems to be some foundation for the rumor.

"About forty of the escaped soldiers, belonging to Colonel Jordan's North Carolina regiment, arrived here on Saturday afternoon for Norfolk. It seems that but two of Colonel Jordan's companies were in the engagement, and they fought well.—The other companies, except that Gaddy's, were held in reserve until the surrender was ordered. The companies commanded by Captains Knight and Lee were in the fight."

Union Sentiment in Richmond.—The federal soldiers who have just been released from imprisonment at Richmond confirm the previous reports of the rapid development of a Union sentiment in that city. The Washington Republican of yesterday, describing an interview with these men, says:

"All of the men agree that there is a strong Union sentiment in Richmond, which only awaits an opportunity to blaze forth. In the city of Richmond there is a Union league near three thousand strong, composed of staunch and true men, the material that can be relied upon when the day of reckoning comes. During their confinement our soldiers were frequently the recipients of favors from the hands of these men. Innumerable were the evidences of their sympathy; necessary articles of wearing apparel, food and delicacies, which none but friends would think of bestowing, were received. Who presented them, and how they passed the guard is known only to the donors. But they came, and were the means of alleviating their sufferings.

The N. Y. Times severely denounces the barbarity of Gordon's execution.—Artificial stimulants were given to keep him alive until the appointed hour; and when all this seemed likely to fail, and it appeared probable that he would die before that time, the hour of execution was anticipated; and before 1 o'clock he was lifted into his place, held up while the fatal cord was placed around his neck, and the last lingering relics of his life were thus extinguished "Now," asks the Times "what conceivable necessity was there for this aggravation of horrors? Why was it so essential that he should be hung, that the officers of the law could not permit him to die any other death? The whole thing seems to us a horrible caricature of justice,—a mockery of legal solemnities—a disgrace to the State in which it was permitted to occur."

Though the 27th Massachusetts regiment (Col. Lee) escaped from the Roanoke fight with only 4 killed and 12 wounded, they bore a most conspicuous part in the assault upon the rebel works and took the first rebel flag captured in the battle. The private letters of the soldiers give interesting details of their experience, and mention some narrow escapes. Lt. Col. Lyman, of Northampton, had his hat shot off by a shell, one man had the locks of his hair closely barbered by a ball, and another's coat sleeve was stripped by a similiar missile. A soldier standing close by Col. Lee, and talking with that officer, was shot down.

XXXVII CONGRESS—First Session.

WASHINGTON, Wednesday, Feb. 26.

HOUSE.

Mr. Voorhees of Indiana asked leave to offer a resolution of thanks to Major Gen. McClellan; but Mr. Lovejoy of Illinois objected.

GENERAL ASSEMBLY.

JANUARY SESSION—AT PROVIDENCE

TUESDAY, Feb. 25.

Senate.

The Senate met pursuant to adjournment, his Excellency the Governor in the chair.

The act in amendment of that relating to the public waters of Newport was read, and the Senate concurred in the amendment of the House.

Mr. Potter, of South Kingstown, submitted a resolution relating to the compensation of the Secretary of State; read and referred to the committee on Finance.

The act (from the House) in amendment of and in addition to Title XXX Chapter 214—"Of offences against private property," was read and referred to the committee on the Judiciary.

Mr. Potter also reported back the petition of John McElroy for discharge from an execution in favor of the State. It was read and the Senate concurred in the action of the House.

Mr. Potter also reported back from the Committee on the Judiciary, an act in amendment of and in addition to Chapter 139—"Of Masters' apprentices, and factory and other operatives"—read and act passed.

Adjourned.

House of Representatives.

Mr. Holmes, from the Finance Committee, reported back, without recommendation, the petition of Henry T. Easton for relief to enable him to cancel a debt due a surgeon, who has attended him since he was wounded at Bull Run.

Mr. Stevens, of Newport, stated that this was a worthy case for relief of this kind, although it was true that it would establish a precedent. This man was forward in parades and torchlight processions, but when the order came to fight, he was as ready to fulfil his duty in that direction as in the other.

Messrs. Weeden, Newell and Judge Greene fevored the petitioner, and, on motion of Mr. Stevens, the House voted to grant the prayer of the petition.

Mr. Van Slyck gave notice that on some future day he would introduce a bill to amend Title 131, Chapter 222, of the Revised Statutes—"Of Proceedings in Criminal Cases;" also a bill to amend Title 14, Chapter 79—for the suppression of intemperance. The latter amendment provides that forfeited liquors may be sold to any authorized agent in the State, instead of only to the agent in the town where the liquors are forfeited.

Mr. Updike, of South Kingstown, in accordance to previous notice, introduced an act in amendment of Title 29, Chapter 205, of the Revised Statutes—"Of actions against tenants and notices to quit." Received and referred to the Judiciary Committee.

Mr. Holmes, of the Finance Committee, gave notice that on to-morrow or some future day, he would introduce a bill providing for the collection of the direct tax assessed upon this State by the General Government, and assumed by the State.

Mr. Updike introduced another act in amendment of the act in reference to actions against tenants and notices to quit, which was received and referred to the Judiciary Committee.

Mr. Hill, of Smithfield, gave notice of an intention to introduce a bill to amend Title 19, Chapter 130, "Of Railroad Corporations."

Also, the Petition of Willis Cook and others praying for the passage of the [illegible]

Mr. Blake, of Bristol, in accordance with previous notice, introduced a Bill to amend Title 39, Chapter 44, for "Repairing Millways and Bridges."

Mr. Updike, of South Kingston, in accordance with previous notice, introduced a Bill in respect to the flowage of land by the proprietors of mills.

Mr. Updike argued at some length in support of this Bill, showing that under existing laws the land owner could not get the redress to which he was entitled, for the damage done to his land. The gentleman cited many instances of injuries done to the best meadow lands, where there was no chance to obtain appropriate damages. He contended that it was wrong to take the lands of citizens for private uses; he contended that manufacturing establishments were not for public use, and that manufacturers should not be allowed exprivileges.

Mr. Updike moved that the Act be received and passed to a second reading.

Mr. Newell, of Smithfield, contended that no one man had any possible right to prevent the use of that land for a mill privilege. There was no more right to do this than for the Indians to claim all creation for his hunting to the exclusion of its use for the purposes of cultivation and the support of an abundant population. The manufacturing interests of New England were greatly for the public benefit and a veto upon their use, should not be allowed to a single individual.

By request the bill was then read by the clerk and it appeared that it provides for the repeal of the existing law which gives the manufacturer the power to keep up his dam without molestation, and gives the land all his right to his land which he had previous to the flowage of his land.

Mr. Weeden would refer the whole matter to the Judiciary Committee at once.

Mr. Miner understood that the question before the House was, a reference to a second reading, and if so referred, it must go to a Committee.

Mr. Dixon stated that the real object of introducing this bill was to ascertain the sense of the House as to whether they were willing to repeal the section giving the manufacturers the right to flow his land. If they were, it would then be referred to a Committee and then perfected.

Judge Greene said that this law had been in operation 150 years; it had survived all the changes of government through which we had passed, our citizens of all classes had grown up under its operation, and it was too late now to make so important a change. He would refer it to the Judiciary Committee, after its passage to a second reading, for he understood the office of that Committee to be to investigate, decide and report, not only as to the form of the bill; but also as to its general policy of right, expediency and constitutionality.

Mr. Blake, of Bristol, said he should oppose all reference to the Judiciary Committee, for there was no need of it. The Bill might well be entitled, "A Bill to abate all manufacturing establishment in the State as nuisances." The old law gave the manufacturer a right to erect a dam on his own land while the consequential damages to lands in the vicinity were provided for by a law which gives him an equivalent for the injury done. The new act would deprive the mill owner of his right to use his own property for his own advantage, while giving the land owner the right to withhold his land.

Mr. Weeden, of Westerly, opposed the measure. He thought that the gentleman from South Kingstown has been imposed upon, and especially by the representations made by a Mr. Adams. He had evidence that this Mr. Adams had obtained the full amount of damages he ought to have in the case referred to. He moved that the bill be laid on the table until to-morrow.

This motion was earnestly opposed by Mr. Miner, of Cranston, who in substance contended that the present law was a just one and provided for just what Mr. Updike intended to secure—a just compensation to land owners for damages done their lands.

An irregular debate followed as to what course should be taken in reference to discussion of the subject, and finally, upon motion of Mr. Dixon, the further consideration of the bill was postponed until to-morrow.

The bill which was introduced by Mr. Hill of Smithfield, in accordance with previous notice, to amend Title 19 Chapter 130—"Of Railroad Corporations"—was received, read and referred to the Committee on Corporations, and the petition of Willis Cook and others in reference to this act, was also referred to the Committee on Corporations.

The object of the bill was to prevent charging higher rates of transportation on the Providence and Worcester Railroad between Providence and Worcester than between Worcester and New York.

A resolution to pay Henry T. Easton came up and was passed.

An act regulating Suits at Law and quieting possessions and establishing titles to land and property, affected by the establishment of the boundary line between Massachusetts and Rhode Island, was received from the Senate and referred to the Judiciary Committee.

Act to amend Title 161 of the Revised Statutes "of Licenses to sell Real Estate by Courts of Probate," which had been sent to the Senate came back with an amendment and was referred to the Judiciary Committee.

The petition of Noah L. Peck and others, in reference to legislation as to hours of labor, came from the Senate and was referred to the Judiciary Committee.

An act came from the Senate authorizing the Saving Banks in Fall River to remove their institutions to Tiverton, and was referred to the Committee on Corporations.

Also an act to amend Title 139 of the Revised Statutes, in relation to Masters and Apprentices and hours of labor, which was referred to the Judiciary Committee.

A resolution of adjournment from the Senate was then taken up and laid upon the table.

Mr. Holmes called up the act to provide for the collection of a direct tax, and on his motion the rule was suspended. The bill was read, passed to a second reading, and referred to the Judiciary committee.

Mr. Van Slyck introduced a resolution to invite his Excellency the Governor and the Honorable Senate to join the House in Grand Committee, for the purpose of electing a Brigadier General, and the transaction of such other business as may come before them at 10 1-2 o'clock on the 26th inst. The resolution passed.

Adjourned.

Under Fire.

A correspondent from Tennessee gives further information respecting the experience of new troops, as derived from personal experience at the battle field of Fort Donelson, through the varied scenes of which the correspondent had just passed. He says:

I do not suppose I have much physical or moral courage, but the sensations under fire, judging from my experience and different from what is expected.

A reasoning man at first feels alarmed, and his impulse is to run away; and if he has no reason to stand, he probably does run; but at each exposure, he grows less timid, and after hearing canister and grape about his ears a dozen times, begins to think he is not destined to be hurt.

He still feels rather uneasy, perhaps; but the danger becomes fascinating, and though he don't wish to be hit, he likes to have narrow escapes, and so voluntarily places himself in a position where he can incur more risk.

After a little while, he begins to reason the matter, reflects upon the Doctrine of Probabilities, and how much powder and lead is necessarily wasted before any man is killed or wounded.

Why should he be, he thinks, so much more unlucky than many other people; and he soon can hear the whizzing of bullets with a tolerable degree of equanimity, though he involuntarily dodges or tries to dodge the cannon balls or shells that go howling around his immediate neighborhood.

In the afternoon, he is quite a different creature from what he was in the morning, and involuntarily smiles to see a man betray the same trepidation which he himself exhibited a few hours before.

The more he is exposed to fire, the better he can bear it; and he who runs from danger on the first battle field will run into it on the next, and court the hazard he once so dreaded.

Thus courage, as it is styled, is little more with most men than custom; and they learn to despise what has often threatened without causing them harm. If wounded, they learn wounds are less painful to bear than they had supposed, and then the Doctrine of Probabilities teaches them once more they are less liable to be wounded again. So the mental process goes on until the nerves become by degrees the subjects of Will; and he only fears who has not the will to be brave.

FROM WASHINGTON.

FINANCE BILL SIGNED BY THE PRESIDENT—MR. VAN WYCK—THE WEATHER.

[Special Dispatch to the Boston Journal.]

Washington, Feb. 26.—The President has signed the bill authorizing the Secretary of the Treasury to issue certificates of indebtedness, if not over one thousand dollars each, bearing six per cent. interest. This legislation has been brought about by the action of the Boston merchants.

Representative Van Wyck has resigned his position on the Investigating Committee, as other duties engage his attention.

The weather is delightful. PERLEY.

WRECK OF A NEW BEDFORD VESSEL—THREE OF THE CREW DROWNED.

Greenport, Long Island, Feb. 26,—The schooner Meteor, from New Bedford for York, went ashore on Plum Island yesterday morning, during the heavy gale. Her cargo consists of lumber and old junk. Three men were drowned, the captain being the only one saved. The vessel is a total loss.

NON-ARRIVAL OF THE NORWEGIAN.

OBSTRUCTION OF RAILROAD TRAVEL.

Portland, Feb. 26—1 P. M. No signs of the steamer Norwegian, now about due. No mails reached this city from any quarter yesterday or to-day. The Boston morning train of yesterday exchanged passengers at Wells, across the obstructions, with this morning's train hence, and the returning train will be here about 1 30 this afternoon.

THE WORLD'S FAIR.

Washington, Feb. 26.—Notice to the public is issued by the Commissioners appointed by the President to represent the interests of Americans at the World's Fair in London, through Secretary Seward, that Congress having declined to adopt measures to further a national representation, their authority has ceased. They have advised British Commissioners that there will be no general participation by our citizens, but at the same time recommended to the consideration of the Royal Commissioners such works of industry and art as may be presented by individual exertions.

THE INDEBTEDNESS CERTIFICATES.

New York, Feb. 26.—A special dispatch from Washington to the *Commercial* says the Senate bill to authorize the Secretary of the Treasury to issue certificates of indebtedness to government creditors, whose accounts have been audited, will pass the House of Representatives to-day.

Old Abe's Last.—An old friend from Springfield, lately called to see the President. After the usual greetings, &c., "Lincoln, (said he,) when you turned out Cameron why didn't you turn out all the rest of your Cabinet?" "That (said the President) make me think of something that took place near home, in Illinois. An old farmer had been pestered with a colony of skunks, that depredated nightly on his poultry. He determined to be rid of them, and finally succeeded in getting them all into one hole, where he could kill them at his pleasure. He drew one forth by the tail, and executed him, but (said he in telling the story) this caused such an infernal stench that he was glad to let the rest run.

The Rebel Treasury notes read as follows:—Six months after the ratification of the treaty of peace between the Confederate States and the United States, the Confederate States of America will pay five dollars to bearer."—These treasury notes look rather shaky, and will have a slim chance for redemption.

GREAT INDIAN REMEDY

For Females.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, *from any* cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold without a *single failure*, when taken as directed, and without the least injury to health in *any case*. ☞ It is put up in bottles of three different strengths, with full directions for using and sent by express, *closely sealed*, to all parts of the country.

PRICES—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M., or at his office*, rear of No. 28 Union Street, Providence, R. I.

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhœa.

This new remedy contains neither Balsam Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, greatful to the stomach, cooling, cleansing and healing in its operation, and speedily allaying all heat and irritation in the urinary passages. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures for months in succession, until with pale face and disordered stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE, WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2.00.

Dr. Mattison's Sirop Anti-Syphilitique,

For Secondary, Tertiary and Hereditary Syphilis

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M with $450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator.

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect Antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which lasts a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions*, in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what* their pretensions are, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y

NOTICE.—We are daily receiving orders to send by mail some one or more of Dr. Hurd's Dental Remedies, which we cannot fill.—None are mailable except the *Neuralgia Plaster*, which we send in an envelope on receipt of Price (15 cents) and one stamp.—But to accommodate persons in places where the druggists and store keepers are behind the age, we have put up packages in white embossed boxes, seven inches by four with compartments—each box containing a bottle of *Dr. Hurd's Mouth Wash* and *Tooth Ache Drops*, a box of *Tooth Powder*, the *Neuralgia Plaster*, and a valuable little Treatise on *Teeth and their Diseases, the best means of preserving them, and the proper treatment of Children's Teeth*, (worth of itself the entire cost to every young man or woman, or parents with young children;) with sundry other necessary articles; price per package, *one dollar*, or six packages for $5, sent by express as directed. As the Express charges are not much, if any, more on a dozen than on one, it is far cheaper to order six or a dozen packages at one time. A large family will want all, or the surplus can be disposed of to neighbors with public benefit, for no one can estimate how much pain, suffering, unhappiness, and disfigurement, expense, loss of time and money would be saved to the country if every family to-day had one of these packages, which, in itself, is a complete set of Dental Remedies. Address WM. B. HURD & Co., Tribune Buildings, New York, and write name and address plainly. That remittances may be made with confidence. W. B. H. & Co. refer to the Mayor of Brooklyn, to G. W. GRIFFITH President of the Farmers and Citizen's Bank, Brooklyn; to the Editor of the American Manufacturers' Gazette; to Joy, Coe & Co., Publishers' Agent, New York; to P. T. BARNUM Esq., who knows a good thing when he sees it and who has already ordered a second supply, etc.

1000 Agents Wanted,

To introduce Dr. Hurd's Dental Remedies into every County. Men or women who want to make money quickly, can do better with these article than anything in market. They are new, useful, low priced, and we are spending thousands in advertising them for the benefit of agents. Boxes of samples, containing a dozen of the one dollar packages above specified, with circulars will be sent on receipt of *seven dollars*, about half price, to any person wishing to try his or her skill in selling, with the view of becoming an agent. They can be sold in a day.—

☞ *We would rather pay salaries than Commissions to those who prove themselves efficient sales men.*

☞ Now is the time to go into the business. For address and references see above.

CONGRESSIONAL.

WASHINGTON, Feb. 27.

The bill for the appointment of members of Congress as finally passed gives one additional member to Vermont, Rhode Island, Ohio, Kentucky, Illinois and Minnesota in consequence of large fractions in population, not at first represented in law. Thus Ohio gets 19 instead of 18.

NAVAL.

The Senate Naval Committee will report a reduction in the salary of Navy officers of 20 per cent on the highest grade 15 on intemediate and 10 on lower. Also the abolition of all Navy agencies and Naval storekeepers, offices and live oak agencies; transfering the duties thereof to Pay-masters on duty at or near the different Navy Yards.

GEN. SICKLES SHOT.

NEW YORK, Feb. 27.

The Herald's Washington despatch says there is a heavy rain storm prevailing this evening. It is reported that Gen. Sickles was shot to-day at his camp. It is believed to be a falsehood.

BANQUET.

Col. Lee, of the 20th Mass. Regt., was entertained at a costly private banquet last night at Willard's by his Massachusetts friends.

PRISONERS.

A hard snow storm is prevailing here.—The actual number of prisoners taken at Roanoke Island is 2488. The gunboat Ceres was accidentally sunk near Hatteras Inlet. Efforts are making to raise her.

FROM OLD POINT.

The Old Point boat brings little news. No flag of truce was sent to Norfolk yesterday. The French Frigate Pomone has sailed for Havana the reported loss of the steamer Express is unfounded. A large fire from the mainland was seen from Hatteras on Monday morning. It was still burning when the Spaulding left in the evening.—Steamer Cambridge has gone to the assistance of the R. B. Forbes, ashore at Nag's Head.

The wind was east with the prospect of another storm when the boat left Old Point.

The Navy Department has received despatches from Commodore Goldsborough lated Feb. 20th. He had received the official accounts of the visits of four vessels to Edenton and to the Currituck Canal, the latter being the popular designation of the link of the Albermarle and Chesapeake Canal Co., connecting North river with Currituk Sound. It appears that the obstructions of this link were mostly the work of the enemy. The Light house at Cape Hatteras may now be lighted with safety.

The names of the men-of-war destroyed by our vessels since the fleet reached Hatteras Island, are the Seabird, Forrest, Curlew and Fanny, all steamers and schooner Black Warrior.

The steamer Ellis was captured. A new gunboat on the stocks at Elizabeth City was destroyed. Six of the vessels, were all well armed, except the Curlew and were destroyed or captured in the attack on Elzabeth City.

This company, with a capital of $150,000, the most extensive works of the kind in the world, and an experience of 22 years in manufacturing, with a reputation long established, having also the exclusive control of all the night soil from the great City of New York, are prepared to furnish an article which is, without doubt, the *cheapest and very best* fertilizer in the market.

Price for 7 barrels and over, $1,50 per barrel, or *only $16 per ton.* It greatly increases the yield and ripens the corn from two to three weeks earlier, at an expense of from $3 to $4 per acre, with but very little labor.

PROF. L. MILLER'S

HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper, also, L. MILLER'S INVIGORATOR, N. Y. blown in the glass.

SOMETHING MORE VALUABLE THAN SILVER OR GOLD,

BECAUSE

IT WILL RESTORE THE WEAK, REINSTATE THE BLOOD IN ALL ITS ORIGINAL PURITY AND VIGOR.

It is

PROF. O. J. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR!

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted *so as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach* and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits.—It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

CONSUMPTION, BRONCHITIS, INDIGESTION, DYSPEPSIA, LOSS OF APPETITE, FAINTNESS, NERVOUS IRRITABILITY, NEURALGIA, PALPITATION OF THE HEART, MELANCHOLY, HYPOCHONDRIA, NIGHT SWEATS, LANGUOR, GIDDINESS, AND ALL THAT CLASS OF CASES SO FEARFULLY FATAL, CALLED FEMALE WEAKNESSES AND IRREGULARITIES, THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, or any general derangement of the Urinary Organs.

It will not only cure the debility following CHILLS and FEVER, but prevent all attacks arising from miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits.

LADIES not accustomed to much out door exercise should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety!

There is no mistake about it!!

THE CORDIAL IS ALL WE CLAIM FOR IT!! MOTHERS TRY IT!!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy, often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they, too, would travel in the same downward path until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, proprietor, No. 444 Broadway, New York, and No. 114 Market Street, St. Louis, Mo., and sold by all good druggists. Price one dollar per bottle.

Read what the Press say, after thoroughly testing the matter, and no one can have a doubt.

Prof. WOOD'S Restorative Cordial and Blood Renovator is a genuine medicine of real merit, pleasant to the taste and invigorating to the system. While it purifies the blood and soothes the nervous irritation, it aids the organs of digestion to perform their functions, and resist the assaults of disease, combined that while it exhilarates it does not provoke the lassitude which usually follows excitement. A tonic, composed exclusively of vegetable matter it is absolutely beneficial and no ill effects can possibly accompany its use. It is an infallible and speedy remedy for Loss of Appetite, Faintness, Nervous Debility, Neuralgia, Palpitation of the Heart, Falling of the Womb, and other delicate diseases, to which woman is subject. For Sickness of the Stomach, Bilious Attacks, Liver Complaints, Costiveness, Dyspepsia, Consumption and a host evils flesh is heir to, it is a certain cure.—*St. Louis Morning Herald.*

PROF. WOOD'S RESTORATIVE CORDIAL.—It is recorded in the Classics that Psyche was once sent to a climate warmer than the West Indies, to procure a sample of the beauty of Proserpine in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is heir to. Fortunately hope was found in the bottom of the box. Prof. WOOD'S Restorative Cordial revives the recollection of the story, for it invigorates the blood, aids the organs of digestion, imparts strength to the nervous system, and fortifies the citadel of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of vegetable productions, and while it is exhilarating as pure wine, no injurious results can possibly follow its use. It is a desideratum in the medical world, and those who are afflicted with loss of appetite, Dyspepsia, Consumption, Faintness, Giddiness, Neuralgia, Palpitation of the Heart, &c., will find here an infallible panacea.—*St. Louis Daily Express.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR is, without doubt, the best tonic Cordial in the world. To those who are suffering from General Debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all impurities of the blood, and eradicate all traces of disease. It can be taken by the weakest stomach, while those in good health will at once feel its exhilarating power. We are confident that after using one bottle of this Cordial none will be for a day without it.—*New York Leader.*

A PURE, HEALTHY TONIC, and one free from the deleterious and injurious effects sure to follow those in ordinary use, has long been felt to be a desideratum in the medical world. Such a tonic, and one so skillfully combined from the vegetable kingdom as to act in perfect accordance with the laws of nature, and thus sooth the weakest stomach, and at the same time allay nervous and other irritations, and tone up all the organs of which the human body is composed, is offered in Prof. WOOD'S Restorative Cordial and Blood Renovator. Hence, it is perfectly adapted to old and young. Reader, try it. Thousands have already done so, and the testimony is universal in its favor.—*New-York Atlas.*

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR, for the cure of General Debility, or Weakness arising from any cause; also, Dyspepsia, Nervousness, Night Sweats, Incipient Consumption, Liver Complaints, Biliousness, Loss of Appetite, Female Weakness in all stages; also to prevent the contraction of disease, is certainly the best and most agreeable Cordial tonic and Renovator ever offered to the afflicted, and so chemically combined as to be the most powerful tonic ever known to medical science. Reader, try it. *It will do you good.* We have no hesitation in recommending it, since we know it to be a *safe, pleasant and sure* remedy for the diseases enumerated.—*New York Dispatch.*

Madame ZADOC PORTER'S

Great Cough Remedy,

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Cough, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S Balsam is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S Balsam has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!—Do not be persuaded to purchase at 4s. to $1. which do not contain the virtues of a Dime Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other.—Ask for Madame Porter's Curative Balsam, price 10 cts., and in large bottles at 20 cts and take no other. If you cannot get it at one store you can at another.

Sold by all Druggists and Store-keepers at 10 cts. and in larger bottles at 20 cts.

The *entire* press of the country has bestowed upon this work *unanimously* the highest encomiums. The Louisville *Journal* of October 8th, 1861, says of it:—

"It is a work of the highest merit. In fullness, completeness, accuracy, and logical as well as chronological dependence, it leaves nothing to be desired. We reckon the value of this work above price. It meets suitably the great literary demand of the hour. *It is a work the lack of which would prove with posterity a cause of special reproach to our day and generation.* Let everybody subscribe for it."

This work should be in every loyal family; it is a necessity for present information: and in future days will be read with interest by children and grandchildren, as a memorial of the present most important era of our National History.

Vol. 2 will be issued in May, and Vol. 3 in September, 1862. But the work is continued also, as heretofore, in weekly parts at 10 cents, and monthly parts at 40 cents. For sale at all the book stores and news depots. Orders to be directed to
